		The vertical dimension of the curved stile equals the radius plus the width of the top rail. <i>Based on the 14"x18" door size illustrated, this dimension would be 7 1/4".</i>
		When ordering, please provide us with the overall width and height of the door and note the horizontal dimension (radius) in the Special Instructions column on the order form.
8)	Style 4050 & 4055	If ordered below 9 1/4" wide, the corner blocks will be reduced to accommodate, <i>(based on 2 1/4' stiles & rails)</i> .
